THE CROSSING

They that love beyond the world can not be separated by it. Death can not kill what never dies.

Nor can spirits ever be divided, that love and live in the same divine principle, the root and record, of their friendship . . . Death is but crossing the world, as friends do the seas; they live in one another still . . .

This is the comfort of friends, that though they may be said to die, yet their friendship and society are, in the best sense, ever present because immortal.

William Penn

HEAR YE! HEAR YE!

In producing this annual, we endeavored to bring the Bicentennial Celebration into our school activities. Our intention was to keep a glimpse of those treasured friendships and memorable moments close at hand within these pages.

ADS

As the Class of "76" we represent the spirit of our national independence, gained in 1776, two hundred years ago. Approximately twenty years after our Declaration of Independence, Tennessee became the sixteenth state in the Union; ten years later, the Rittenhouse Academy was established as the forerunner of this high school and one of the first schools in the state. Our educational heritage is one of which to be proud for its early existence enabled this country to mature more readily.

On behalf of the student body, we express our appreciation to the principal, teachers, and the remaining faculty. Through their leadership and guidance, we have matured and prepared for the roads ahead. We hope that as you reminisce through the pages of this annual 1776/1976, you will remember your historical past and work to make the future 100-year celebrations as worthwhile to behold.

HEAD VS. HEART

What I am concerned about in this fast moving world in a time of crisis, both in foreign and domestic affairs, is not so much a program as a spirit of approach, not so much a mind as a heart. A program lives today and dies tomorrow. A mind, if it be open, may change with each day, but the spirit and the heart are as unchanging as the tides.

Run to meet our Alma Mater near Pease County High.

IN THE BEAUTIFUL HILLS OF ROANE COUNTY

In the beautiful hills, in the midst of Roane County,
There's where I have wandered for many a year.
There's where my heart's been tender most ever.
There's where the first steps of misfortune I made.

At the age of thirty years, I courted and married,
Amanda Gailbreath they called there my wife.
Her brother stabbed me for some unknown reason
And three months later, I had taken Tom's life

For nearly five years, I've always been a Rambler.
I've been to England, to France, and to Spain
But the thoughts of my mother back in Roane County'
I boarded a steamer and came home again.

I was captured and tried in the courthouse at Kingston
Not a man in that country would speak a kind word.
When the jury came out, in the morning with the verdict,
A lifetime in prison were the words that I heard

No matter what happens to me in Roane County,
No matter how long my sentence may be
Boys, when you write home from your prison in Nashville,
Place one of my songs in your letter for me.

— Compliments of Jesse D. Hudelston

OLD FRIENDSHIP

Beautiful and rich is an old
friendship.

Grateful to the touch as
ancient ivory.

Smooth as aged wine, or sheen
of tapestry

Where light has lingered,
intimate and long

Full of tears and warmth is
an old friendship

That asks no longer deeds of
gallantry.

Or any deed at all save that
the friend shall be

Alive and breathing somewhere,
like a song

*Appreciation
to
Mrs. Mildred Carroll*

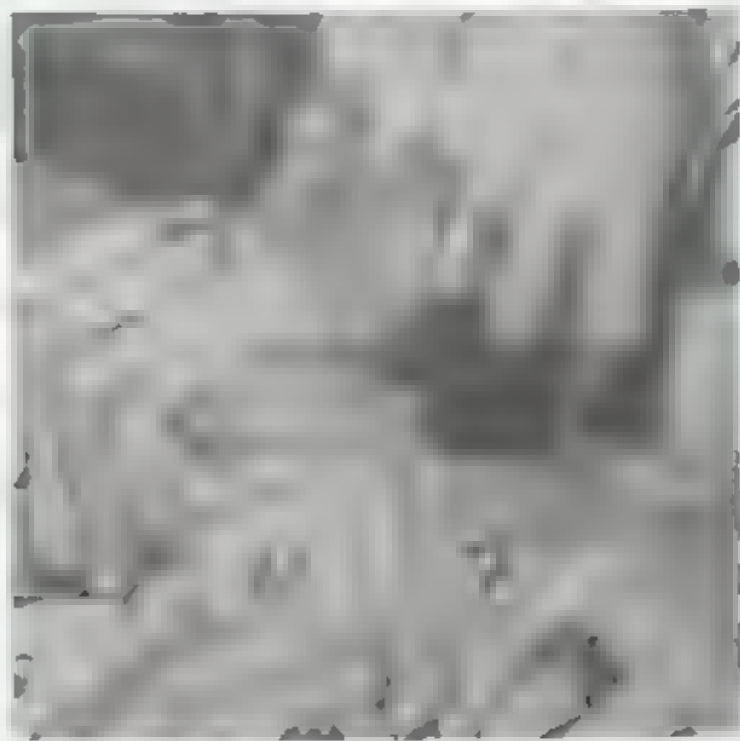

On behalf of the Senior Class and RCHS, the annual staff would like to express a heartfelt appreciation to Mrs. Mildred Carroll. Mrs. Carroll, an excellent teacher, spent her time and energy during class teaching young minds the land, mines, and Agenda. Her help did not stop here, however, for she was always the class staff's student out of class by explaining personally any problems they brought to her. If she missed a day, which was a rare occurrence, she made up for it through her patience and encouragement.

Mrs. Carroll was not only an outstanding teacher but also an outstanding athlete. As a member of RCHS, she played on the Girls' Basketball Team the year they went to the State Tournament. When she returned to RCHS to teach, she also gave a considerable amount of time to coaching the girls' basketball team.

We owe a debt to Mrs. Carroll, a vigorous and understanding personality who gave her best in order to broaden the minds of this younger generation. Mrs. Carroll retired in May of 1973 and is now enjoying her well-deserved leisure.

The Ideal Life is in our blood and never will be still. Sad will be the day for any man when he becomes contented with the thoughts he is thinking and the deeds he is doing . . . where there is not forever beating at the door of his soul some great desire to do something larger, which he knows he was meant and made to do.

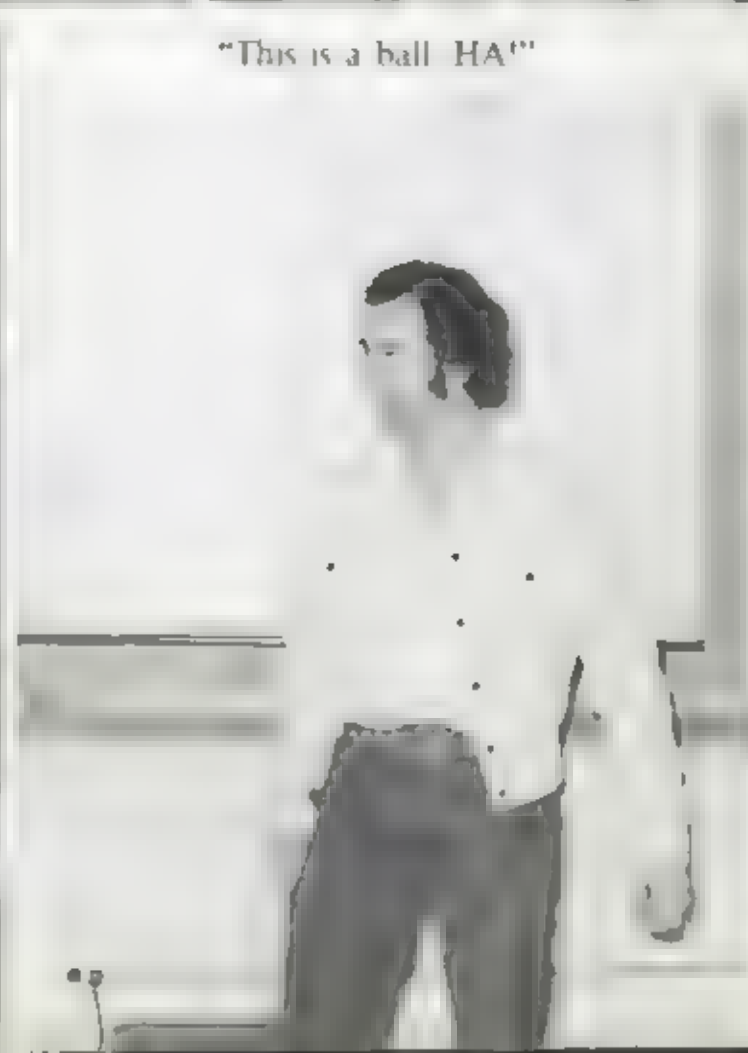

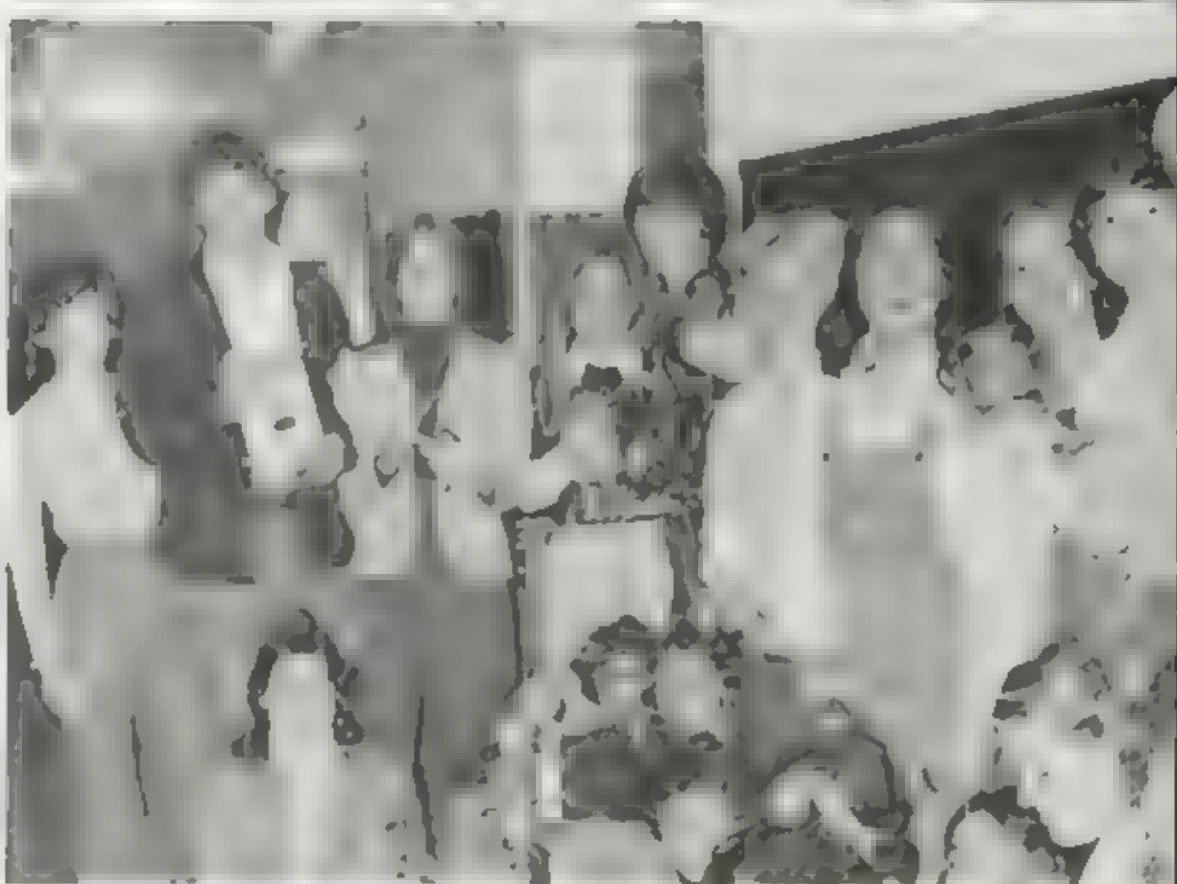

Phillips Brooks

ACTIVITIES

Activities at RCHS cover many areas, from academics, honor, service, athletics or just for fun. Activities help to create honor and leadership among students. They are that part of the school which the individual remembers from his own experiences. Activities are memories of voting for officers, club initiations, sock hops, home-coming, projects, trips, raising money, pep rallies the prom, and graduation. Activities create memories that will never be forgotten.

SPORTS

Spirit and Pride are two qualities that through the years have made our country a great one. Both had a great deal to do with the success of the American Revolution in 1776.

Spirit and Pride contribute greatly to the success of a team, with its victories and occasional defeat. Here at Roane County High, spirit and pride over the years have made our school the great one it is today. Without this, Jacket Spirit and Pride, we would never have enjoyed the great success and memories of our football and basketball teams. We realize they were here when we arrived and are something we hope will stay alive.

GUIDANCE OFFICE WORKERS

The guidance office staff are an invaluable help to the counselors; they file permanent records, type student schedule cards, and run errands for the office. Sometimes they are even entrusted to serve hot coffee to visitors and they do a beautiful job.

The library staff checks out books, takes slips of overdue books to the homerooms, and helps Mrs. Dunaway take inventory of the books. These students are easily recognized for they are the ones who sit behind the check-out desk in the library collecting our pennies for overdue books

The office staff is composed of senior girls who work in the main office during their study halls. The staff records the absentees, answers the phone, and runs errands for the secretary and the principals.

VOLUNTEER SERVICES

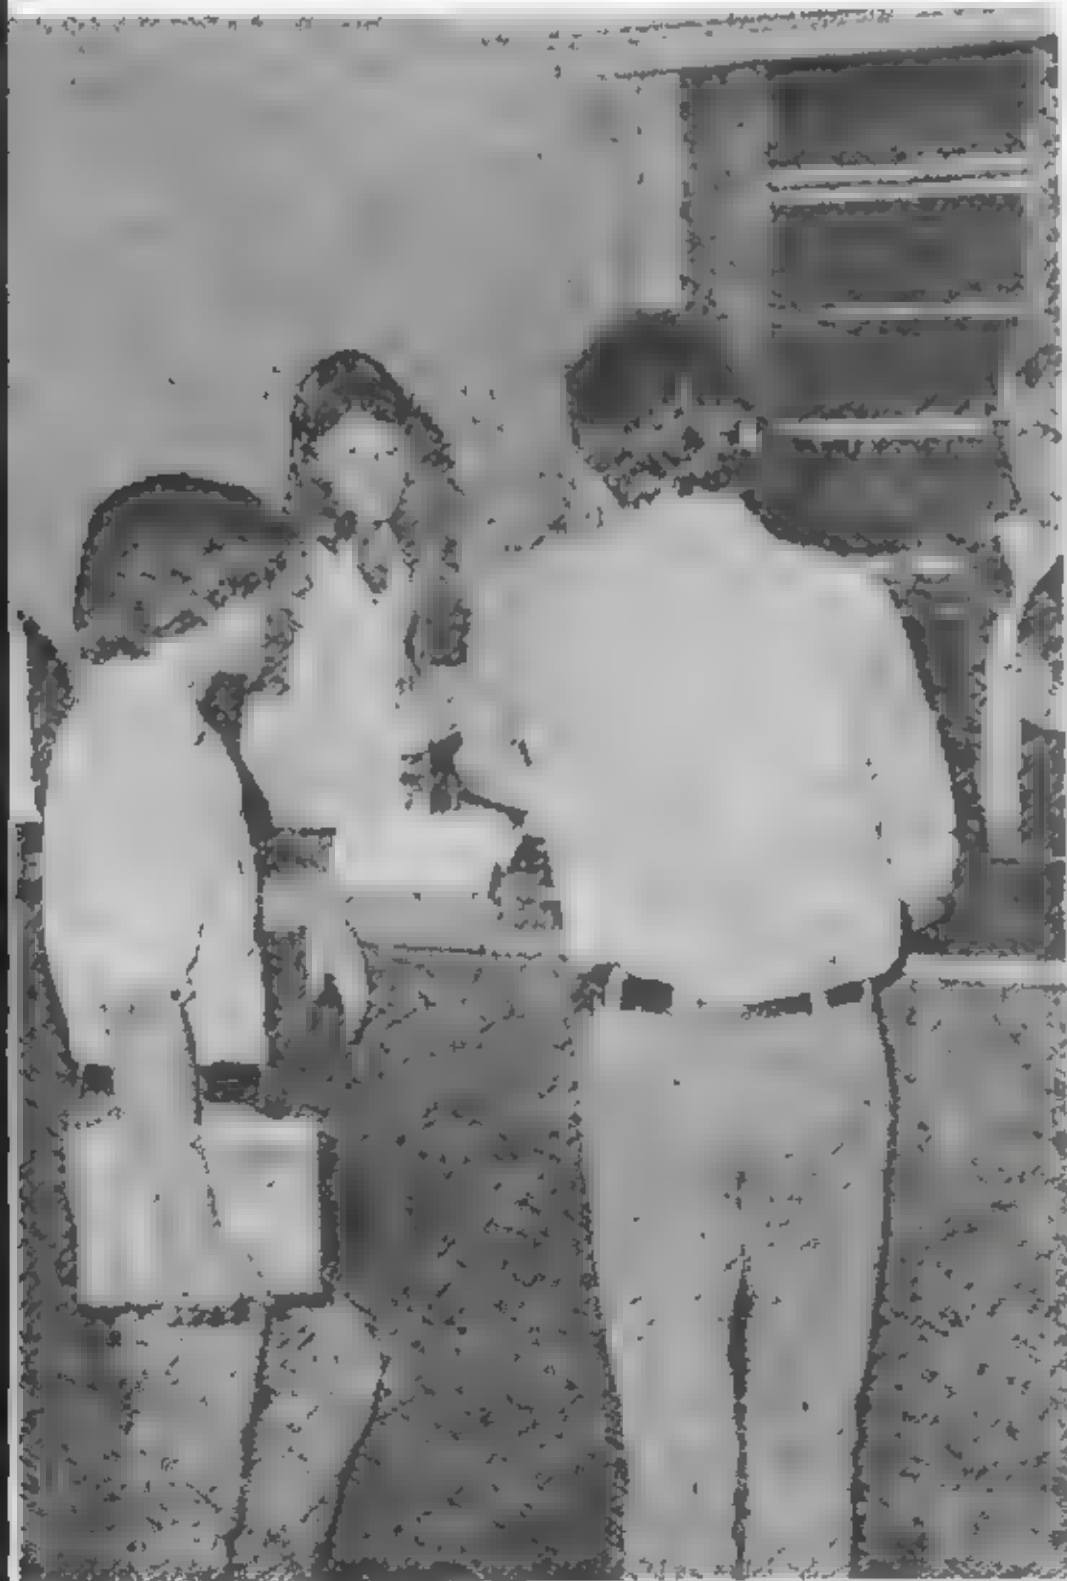

UNDERCLASS

Could this have been you, standing in the office? At least once during your high school years could you have been found in the office for some purpose like asking for change, borrowing something, unexcused tardies, making announcements, or leaving school because of sickness?

Then, there is the typical student studying for his test and hoping to make a grade high enough to be exempt from semester tests.

These everyday occurrences are a few of the memories of high school that will always be remembered.

ADVERTISING

Enterprise and Integrity are words we associate with advertising and business. They are both characteristics of "Americanism" and can be traced from colonial times to the present.

During the Bicentennial, we should remember those Americans who helped lay down the principles which our advertisers and businesses use today.

Let the Army help you with college.

Last year, 90,000 young people like yourself earned college credits in the Army.

They attended classes on post. They studied at nearby colleges and universities. And they took courses through various correspondence programs. And the Army paid for up to 75% of their tuition costs.

And after your enlistment's over, you're entitled to 36 months financial

assistance at colleges throughout the country.

Our educational benefits are in addition to the job training you'll receive, the salary you'll make, and the travel opportunities you'll have.

If you'd like to find out more about all the educational benefits the Army has to offer, see or call your local Army Representative.

TEAMWORK

We may call it by this name, or call it by that
"teamwork" or "cooperation;" together we stand, by
ourselves we fall flat; together, my friend, we're the
Nation! Whatever we do, or whatever we plan, we can't
stand alone, even the best of us, but must share of our
gifts with our good fellow man. For we're only a part of
the rest of us!

I'm glad to get
your letter. I've
been thinking about
you a lot lately.
I hope you are
well and happy.
I'll write again soon.
Love,
John

(written in pencil)
